Get more done in less time

Get the edge with this fast and efficient monochrome printer that can deliver a first page in as little as 5½ seconds¹. Coupled with fast double-sided printing, and a high speed Automatic Document Feeder, you'll be able to speed through everyday tasks.

Feature-rich A3+ monochrome EcoTank

The ET-M16600 is designed for A3 tasks with A3+ print, scan and copy. It's easy to navigate the extensive range of features via the 6.8cm LCD touchscreen.

Keep on saving

Making a saving every time you print with this EcoTank that delivers an incredibly low cost per page. Unlike other printers, EcoTank features large ink tanks that you fill with low-cost ink bottles.

Business quality printing

The EcoTank 113 ink series features all pigment ink for smudge-free and highlighter-resistant prints. With this reliable and high-quality ink, you can be sure it will deliver great prints with clear text. From one set of replacement ink, you can produce up to 7,500 pages in black.

Print from almost anywhere

It's easy to print from mobiles, tablets and laptops using EcoTank. With Wi-Fi and Wi-Fi Direct, you can send documents to print from smart devices using the Epson iPrint app.

Easy to use and reliable

Filling the ink tanks is simple with the resealable, intuitive and drip-free ink bottles. Epson's unique Heat-Free PrecisionCore Technology offers improved reliability, reduced downtime and less environmental impact. No warm up time and the first page prints fast using less power.

INK BOTTLE YIELD DATA

●
Included 4,500 pages*

Replacement 7,500 pages*

* Approx. page yield based on ISO/IEC 24711/24712 or ISO/IEC 29102/29103. Actual yield will vary depending on images printed and usage conditions. For more information visit <http://www.epson.eu/pageyield>

1. Number of pages printed is based on the highest cost per page (CPP) of Epson 113 ink bottles. CPP is calculated from the black ink bottle RRP for black pages, divided by the published page yields. RRP correct as of January 2020.
2. Savings achieved in 3 years by printing the same number of pages (2000 pages per month) using the ink bottles included with the Epson EcoTank printers and including hardware price. Comparison of the RRP hardware price of the Epson EcoTank ET-16600/50 against the average hardware price of the top 10 selling A3 colour, multi function colour inkjet printers in the 11-44ppm segment listed in IDC Worldwide Quarterly Hardcopy Peripherals Tracker 2019Q3 for the 12 months ending June 2019 in Western Europe
3. First-Print-Out-Time (FPOT) measurement method: ISO/IEC17629 Office Category Test; paper size A4. A set of Microsoft Word, Microsoft Excel and PDF files (each set containing 4 pages) is continuously printed. Measurement is based on the average time for the first of the four single sided prints to exit the printer. Measurement starts when the print button is pressed and ends when the first page of the set exits.
4. Requires a wireless connection to the internet. For more information, supported languages and devices please visit www.epsonconnect.eu
5. Quoted yields are extrapolated based on Epson original methodology from the print simulation of Test Patterns provided in ISO/IEC 24712 based on the replacement ink bottles. Quoted yields are NOT based on ISO/IEC 24711. Quoted yields may vary depending on the images that you are printing, the paper type that you are using, the frequency of your prints and environmental conditions such as temperature.

7. WARNING: when printing on glossy photo paper ink drying time will be considerably extended
